SUNDAY WORLD WANTS WORK WONDERS

ARREST HARVESTER STRIKER

Eight Jailed After Clash in Which Policeman Is Injured.

CHICAGO, April 25.—Eight strikers were arrested and a policeman injured by a flying brick to-day in the first violence of the International Harvester employees' strike at Blue Island. The strike in the McCormick twine plant of the company spread to-day to the Deering Works of the concern, where 300 men and women, employed in making twine, walked out. They demand higher wages and shorter working hours.

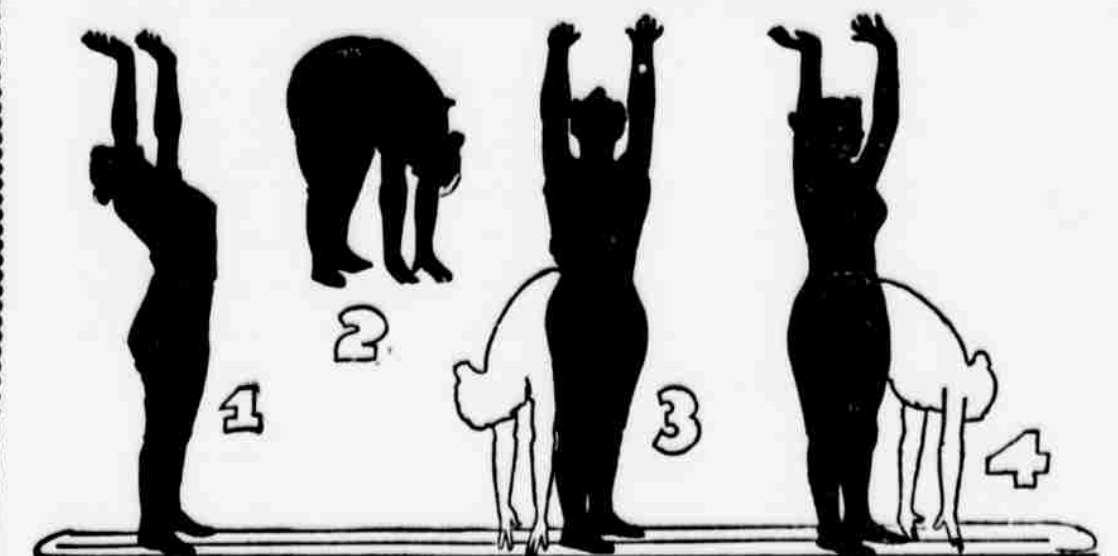

Two hundred girl strikers paraded in front of the plant as the day force was reporting for work, and called upon the men to join in the walkout. A clash with the police followed and the arrests were made. Thirty-six hundred workers are on strike.

Obesity Reducing Exercises for Women Presented in a Series of Handy Charts

COPYRIGHT, 1916, BY THE PRESS PUBLISHING CO. (THE NEW YORK EVENING WORLD.)

CHART NO. 24 Arranged by PAULINE FURLONG. OBESITY REDUCTION

LIVER SQUEEZE—OVERCOMES TORPID LIVER AND CONSTIPATION.

FIRST—Stand with feet nearly together, arms raised and palms toward ceiling.

SECOND—Bend body toward front and touch floor with finger tips, keeping knees rigid. Return to upright position and relax.

THIRD—Turn body from waist line to right and then bend, touching floor with finger tips at right side. Return to starting position and relax.

FOURTH—Turn body from waist line to left side and bend, touching floor with finger tips at left side. Return to upright position and relax. Repeat the liver squeeze ten times if it does not tire you.

Send two-cent stamp to Miss Furlong, Evening World, No. 63 Park Row, New York City, for each and every back number of charts desired, but order paper of your newsdealer in advance, to insure obtaining complete set. Letters not over 250 words in length. Miss Furlong will answer on days alternating between publication of charts, besides writing articles bearing on obesity reduction.

CHART NO. 25 WILL BE PRINTED IN THE EVENING WORLD MONDAY.

Hookworm Among California Miners.

SAN FRANCISCO, April 25.—Out of 1,000 California miners examined by State and Federal Sanitary Inspectors, approximately forty per cent. were found to be infected with hookworm, according to a preliminary report of an official survey of sanitary conditions in California mines. The survey is said to be the first of its kind undertaken in the mines of this country.

Ben Reisman Held for Trial.

Ben A. Reisman, editor of "Mother Earth," was to-day held in \$500 bail for Special Sessions by Magistrate Deuel in the Washington Heights Court. Reisman was charged with distributing a number of pamphlets dealing with birth control during the progress of a meeting conducted by him in Masonic Hall, at Lenox Avenue and One Hundred and Twenty-fifth Street, last Sunday evening.

WAR SHIPMENTS FROM U. S. IN 18 MONTHS WORTH \$990,508,472

Total for All Exports in Same Period Reached \$4,111,108,257, Says Redfield.

WASHINGTON, April 25.—"Uncle Sam, manufacturer, is trying to take care of more orders than he is physically equipped to fill. Except for the foregoing condition commerce, foreign and domestic, is the best it has been in years," Secretary of Commerce Redfield said to-day.

That the European war proved a big incentive to foreign commerce of the United States is shown in statistics given by the Secretary. At the same time the relative importance of shipments of strictly war articles has been generally exaggerated, he asserted.

"A great many persons believe the munitions shipments form the bulk of our foreign trade," Mr. Redfield said.

Figures supplied by the Secretary tell the story. For the nineteen months of the war, August, 1914, to February, 1916—exports of ammunition, firearms and "articles suitable for war purposes" totalled \$990,508,472, an increase of \$696,128,249, or 236 per cent. over exports for the same period of 1912-1914. For the same time exports of all other articles aggregated \$4,111,108,257, an increase of \$447,967,282, or only 12 per cent.

"Included in this summary of 'articles suitable for war purposes,' however," Redfield said, "are many articles that are also shipped in times of peace, and have peace uses. These include brass and manufactures of brass, cars, carriages, automobiles, hay, iron and steel, wool, zinc and numerous other products, and horses and mules, now largely used for army purposes, but also shipped in times of peace for peaceful purposes."
